# **GEORGETOWN GAS** WILL NOT DROPIN PRICE NEXT JULY

Commissioners' Sanction to Merger Required.

LEITER DENIES REPORT

Col. Goldsborough Criticised for His Utterances.

Advisory Committee of Washington Company Repudiates Statement of Its Relation with Georgetown Company, Declaring Minority Director Has Placed Public Service Corporation in a False Position.

Cheaper gas for Georgetown will be conditioned on the sanction of the Commissioners to the projected merger of the Georgetown Gaslight Company with the Washington Gaslight Company. Pending the obtaining of the approval of the Commissioners, gas in Georgetown

will not change in price. PROMISE INCORRECT.

The promise that residents of Georgetown will receive their gas at \$5 cents per 1,000 cubic set after July 1 is incor-

Joseph Leiter, speaking for the advisory committee of the Washington Gas-light Company, said last night:

The Washington Gastight Company, by its advisory committee, repudiates the statement of its position with regard to matters pending with the Commissioners of the District, and with regard to its re-lations with the Georgetown Gas Com-pany, made by Mr. Goldsborough.

By way of explanation, Mr. Goldsborough is a director who represents a small minority of the board, and has been in the past identified with a policy which the majority of the present board feel has been prejudicial to the best in-tereasts of the company as a public service corporation.

We, representing a majority of the board of directors, who believe in the honest administration of the company's affairs, hereby protest to an erroneous statement of our position and of the

It is not denied a merger is projected, but that its consummation will be imme-diate is said by the dominant party in the directorate of the larger company to be most unlikely. This is the cause for the resentful tone adopted by Joseph Leiter in his criticism of Col. Goldsbor-ough's utterances regarding the com-pany's position on the merger proposi-

# **SUPERFLUOUS HAIR**

Why Not Shave It Off! If You Do It Right, It Does It Better Than Most Depilatories.

You might just as well shave as use a pasty substance which is to be applied to remove superfluous hair. This simply removes the surface hair; therefore the effect is the same as shaving, only the raror is more convenient and takes it off cleaner. Of course, it does not matter which way you do it; you only remove the surface hair, which will return stronger after each removal. The same applies to other worthless compounds and so-called "liquid cures." De Miracle is not like these; it is the only method that gives proof that it is absolutely non-poisonous, safe, and sure. You are not asked to buy it on our BARE WORD. It is the only preparation of its kind which is indorsed by physicians, surgeons, dermatologists, medical journals, prominent magazines, and hewspapals, prominent magazines, and newspa-

sitrgoons, derinatorisas, means a pour pals, prominent magazines, and hewspapers. Remember, the longer you use such treatments as those referred to above the stronger the hair will grow and the harder it will be to remove it. De Miracle is soid at all good stores, including S. Kann, Sons & Co. and the W. S. Thompson Pharmacy.

No honest dealer will offer you a substitute on which he makes more profit. Wa will send you a Schage booklet containing full information concerning the remarkable treatment. You, should read this booklet before you try anything. Write to the De. Miracle Chemical Co., Dept. #### KNIGHT ACQUITTED BY NAVAL COURT

Trial Following Sinking of Monitor Comes to End.

Capt. Austin M. Knight, U. S. N., president of the special board of ordsance, has been acquitted of charges of culpable negligence and inefficiency in connection with the sinking of the moni-tor Puritan in the Newport News middle grounds last November, following an

ordnance experiment.

He will be restored to duty and will receive his promotion to the grade of rear admiral, which has been delayed for several weeks, pending the disposition of the court-martial case against

Secretary of the Navy Meyer disap-

him.

Secretary of the Navy Mever disapproved the finding of the court, however, on the ground that the department telleves that the evidence before the court substantiated the charges against Capt. Knight. It was for this reason that the case was resubmitted to the court several days ago.

The original finding was an acquittal of Capt. Knight. Mr. Meyer, however, telt that the evidence against Capt. Knight was strong, and sent the case back to the court for reconsideration. The court again rendered a verdiet acquitting Capt. Knight. Under the circumstances, Secretary Meyer was powerless to change the finding of the court. He could only disapprove the verdiet. The action of Secretary Meyer is reparded in naval circles as a rebuse to the members of the court, who were as follows: Rear Admirals Robley D. Evans, Edward C. Pendieton, John A. Redgers, Albert G. Berry, Samuel P. Comfy, Albert G. Berry, Samuel P. Comfy, Albert C. Dillingham, and Charles E. Pox. Lieut. Commander Ridley McLean was judge advocate.

### TWO FIRE REPORTS FOUND TO DIFFER

Myron M. Parker Haled Before Congress Committee.

Myron M. Parker, president of the Union Building Company, which owns the Union Building a structure in G street, between Sixth and Seventh, in which are contained several offices of the Treasury Department, appeared before the House committee on Public Buildings and Grounds yesterday morning, having been called for the purpose of explaining sev-eral apparent discrepancies between the copy of a fire department report submitted by him and the original report held by the department. The document dealt with the condition of the Union building as regards fire protection, and
